Ex. 4-11-1

Nomination for Cranes and Derricks Negotiated Rulemaking Advisory Committee

Name: Roger Lyons

Address:

Penn Lyon Homes Corporation
PO Box 27
Selinsgrove, PA 17870

Phone Number: 570-374-4004

Title: President and CEO

Experience:

- Founder and CEO of Penn Lyon Homes, has over 20 years experience and expertise with the use of cranes within the modular housing industry (pre-engineered, factory-fabricated structures).
- Penn Lyon Homes builds approximately 800 housing units per year, which are made up of 500 commercial modular structures and 300 residential homes.
- Crane use is an integral part of completing the modular structures, with the majority of these modular home units being set in place with cranes.
- Penn Lyon Homes utilizes both its own set (crane) crews as well as subcontractor set crews who both place all of manufactured modular units on pre-constructed foundations using various sizes of cranes.
- Member of the National Association of Home Builders (NAHB) Board of Trustees of the Building Systems Council, which represents the interests of Log Home Manufactures, panelized manufacturers and Modular Home Manufacturers and builders.
- Forty years experience in manufactured housing industry.
