Attn: OSHA Cranes and Derricks Negotiated Rulemaking Advisory Committee

To Whom It May Concern:

We are very honored to present Mr. Stephen P. Charman as a nominee to the OSHA Cranes and Derricks Negotiated Rulemaking Advisory Committee. Mr. Charman comes to this position with many years of experience, as is evident from his resume. His diversity in working with many different industries will serve him well on the Committee. His experience will allow for sensitivity to many different aspects of construction work when using cranes and derricks.

We are especially pleased that he not only brings the experience of senior and operations management to the Advisory Committee, but in addition his experience as a safety trainer adds an extra dimension in considering the users of the equipment.

Mr. Stephen P. Charman has received many professional licenses and certifications and will be an asset to the Committee. His background will present a high degree of safety insights applicable to enhance the Committee's work on updating crane and derrick safety. We are very confident that his participation will serve the Committee's goal to revise and improve the safe use of cranes and derricks.

Very truly yours,

Mark A. Perriello, CIH, CSP
