EX. 2-10

To whom it may concern:

I, William Smith, wish to submit my application for membership to the Cranes and Derricks Negotiated Rulemaking Advisory Committee as announced in the Federal Register Notice Vol. 67 No. 136 Tuesday July 16, 2002.

As Corporate Safety/Labor Relations manager for Maxim Crane Works, the largest crane rental company in North America, I am responsible for the implementation of training and adherence of OSHA regulations. A new rule may significantly affect the way we do business and myself and our company would welcome the opportunity to work with an advisory committee of interested industry professionals to revise a 31 year old regulation with out-dated referenced industry standards.

I have included my qualifications and feel I have extensive experience in the Crane industry and would be an asset to the process.

If you have any questions or need further information I can be reached at 410-582-9106 or by cell at 412-310-0384.

Respectfully submitted,

A handwritten signature in black ink that reads "William Smith".
