TECHNICAL SERVICES, INC.
Leading The Crane Safety Industry Into the 21st Century

August 15, 2002

OSHA Docket Office
 Docket No. S-030, U.S.
 Department of Labor
 200 Constitution Avenue NW, Room N-2625
 Washington, DC 20210,

S-030
 11-2-16-1

**Re: Federal Register: July 16, 2002 - Volume 67, Number 136 -Proposed Rules,
 Pages 46612-46616 on 29 CFR Part 1926, Docket No. S-030, RIN No. 1218-AC01.**

To Whom It May Concern:

This letter is in response to Section III of the negotiated rulemaking announcement outlined in the referenced Federal Register and its request that the applicants for membership submit:

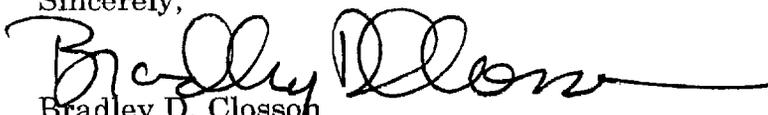

1. "a description of the person's qualifications and expertise regarding those interests" and,
2. "a written commitment to actively participate in good faith in the development of the rule."

To address the first of the two requirements I am providing as Attachment 1 a copy of my resume outlining over fifteen years of diverse and direct experience and responsibility for crane safety and regulatory compliance.

To address the second of the two requirements I am providing the following statement:

"I, Bradley D. Closson, if appointed as a member of the negotiated rulemaking activity on the Safety Standards for Cranes and Derricks, promise to support to the fullest extent of my abilities all of the efforts, events and activities assigned or undertaken by the convened group. Further, my support shall be provided in good faith with the sole goal of developing the best possible rule for the safety of workers and the strength of United States industry."

Sincerely,

 Bradley D. Closson
 Executive Vice-President
