I am submitting this letter in regards to the Occupational Safety and Health Administration's (OSHA) notice of intent to establish a Negotiated Rulemaking Committee on cranes and derricks as published in the July 16, 2002 Federal Register.

Per the National Truck Equipment Association's (NTEA) September 6, 2002 letter to the docket which lists my qualifications, I have been nominated by the NTEA and its affiliate division the Articulating Crane Council of North America (ACCNA) to represent their interests in the aforementioned Negotiated Rulemaking Committee to be formed by OSHA.

This letter shall serve as my written commitment to actively participate in good faith in the development of the rule should I be chosen by OSHA to serve on the committee.

Sincerely,
