 Docket No. S-030
 U. S. Department of Labor
 200 Constitution Avenue, NW
 Room N-2625
 Washington, D.C. 20210

**OSHA
 DOCKET OFFICER**

DATE SEP - 9 2002

S-030
 EX. 2-22

**SUBJECT: Cranes and Derricks Negotiated Rule Making Advisory Committee (C-DAC):
 29CFR part 1926**

Gentlemen:

Please accept this letter as an application for membership on the C-DAC (29CFR1926). I am a licensed marine engineer with over thirty years of crane and derrick inspection experience for cranes and derricks falling under one or more of the following:

29CFR parts 1915, 1917, 1918, and 1926.

In addition, I am accredited by OSHA for the inspection of Land-based Materials Handling Devices and Floating Cranes and Derricks, 29CFR part 1919.

I am an active member of the ASME B-30 Main Committee and several subcommittees.

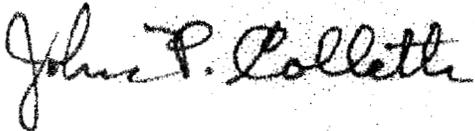

I am attaching a copy of my resume.

I am certain that I can be of substantial assistance to the Negotiated Rule Making Advisory Committee.

Application for:
C-DAC
Docket No. S-030

Please give this application serious consideration.

Very truly yours,

John P. Colletti
Licensed Marine Engineer
Certified Marine Surveyor 138-15
