Re: Docket No. S-030  
Nomination for membership - C-DAC

To Whom It May Concern,

I am submitting this application for a position on C-DAC as a representative of the Steel Erectors Safety Association of Colorado (SESAC) and American Subcontractors Association of Colorado (ASA). See nomination and application letters from those organizations.

As a representative of SESAC and ASA at C-DAC, I will be prepared to devote the time and resources necessary to ensure full active participation and meaningful negotiations and I agree to work and participate in good faith in the development of the rule.

I have actively participated in the ACCOSH Subpart N subcommittee and feel that experience and the work done to date by myself and that committee, and my work on SENRAC committees will serve as a good basis for the C-DAC work.

I am appreciative of the support my clients and peers have given me, and the faith placed in me by these prestigious organizations. I will work hard to fulfill the goals of OSHA and the Negotiated Rulemaking process.

Very truly yours,

Steven P. Miller, Partner  
President
