Docket No. S-030
U.S. Department of Labor
Room N-2625
200 Constitution Avenue NW
Washington, DC 20210

Via fax: 202-693-1648

To Whom It May Concern:

In accordance with the notice placed in the July 16, 2002 Federal Register, I write to ask that Mr. Matthew J. Burkart, P.E. be invited to serve as the Construction Institute (CI) Representative on the *Cranes and Derricks Negotiated Rulemaking Advisory Committee* (C-DAC). Mr. Burkart is an active member of CI currently serving on two of our committees – Construction Site Safety and Crane Safety on Construction Sites. He has a BS in Civil Engineering from the Missouri Schools of Mines and Metallurgy and is a licensed Structural Engineer and licensed Land Surveyor in the Commonwealth of Pennsylvania. I am confident that Mr. Burkart will be an active, effective participant on C-DAC.

CI is a semi-autonomous organization of 15,000 members within the American Society of Civil Engineers. In addition to the two committees mentioned previously, we have active committees on constructability, management practices, temporary structures, value engineering, inspection, and many others. For additional information on our activities and programs, please visit our web site at www.ConstructionInst.org.

Mr. Burkart's resume and summary of experience are attached for your information. Please feel free to contact him at 215-322-6285 should you have any questions or require other information. If I can be of any assistance, please contact me at 703-295-6193 or rlawhun@ase.org. Thank you for your consideration of this request.

Sincerely,

Richard E. Lawhun, P.E.
Director

cc: J.H. Dastur, Director, Construction Directorate
Frank Muller, Chair, Construction Site Safety Committee
Harlan Fair, Chair, Crane Safety on Construction Sites Committee
Matthew J. Burkart
