RE: Nomination of Steve Miller for Subpart N NegReg

Dear Sirs:

It is my understanding that Steve Miller is a candidate for a position on the subject negotiated rule making committee. I am writing today to nominate and fully endorse Mr. Miller for this position. My company will be involved in the NEGREG process through our association (SESAC) and directly and personally with Mr. Miller.

I am a fabricator and erector and a member of Steel Erectors Safety Association of Colorado (SESAC). As a member company, we are involved in the OSHA partnership for steel erectors in this region. We work with cranes and hoisting regularly, and Mr. Miller has been a proficient and professional voice of reason during the negotiation with our partnership with OSHA here locally.

Steve is a partner in Miller Safety Consulting, and also manages Crane and Rigging Consultants, Inc. In these duties he is involved as an expert in rigging, training, accident investigations, and other related topics. He would be a valuable committee member, carries the support of our industry locally, as well as my company.

Thank you for this opportunity to have a Negotiated Rulemaking Committee, and for the opportunity to submit Mr. Steve Miller to the Secretary and the Agency as our nomination for this position.

Sincerely,

Kevin Craft  
President
