**Re: Notice of intent to establish Negotiated Rulemaking Committee; request for nominees and comments, 67 Federal Register 46612-46616 (July 16, 2002)**

This is to notify the Occupational Safety and Health Administration that Associated Builders and Contractors supports the nomination of Joseph S. Collins for membership on the negotiated rulemaking committee.

Mr. Collins represents several interests, including general contractors, owners of cranes and derricks, companies that use leased cranes and derricks, and companies that repair cranes and derricks. On the basis of his years of experience in the industry, particularly with Zachry Construction Corporation, and his participation in the development of the Mobile Crane Operator training program of the National Center for Construction Education and Research, Mr. Collins is eminently qualified to sit on the committee.

If you have need of any further information, please do not hesitate to call me or Charley Maresca, our director of legal and regulatory affairs, at 703-812-2039. Thank you very much for your kind consideration.

Sincerely,

M. Kirk Pickereel, CAE  
 President and CEO
