Docket No. S-030
U.S. Department of Labor
200 Constitution Ave. NW
Room N-2625
Washington, DC 20210

**OSHA
DOCKET OFFICER**

DATE SEP 13 2002

S-030
EX. 2-35

Dear Docket Officer:

The Associated General Contractors of America (AGC), the nation's leading construction trade association of more than 33,000 firms, including 8,000 of America's leading general contractor firms, representing both union and open shop contractors, would like to nominate a candidate to the Cranes and Derricks Negotiated Rulemaking Advisory Committee (C-DAC). Mr. Brian Murphy, Sundt Corporation, Tucson, AZ, would be an outstanding person to participate on this advisory committee. AGC believes that Mr. Murphy's professional experience and dedication would be a great asset to the Committee, particularly since his firm is engaged in both vertical and horizontal construction.

Mr. Murphy has been in the field of construction safety since 1970 and with the Sundt group since 1974. Serving as Vice-President of Safety for Sundt Corporation, he has the overall responsibility for the administration and management of Sundt's safety program. He has received honors in his field of work to include: the Number One Honor in Safety from the Arizona Safety Association in 1983; recipient of the 1981-1982 and 1987-1988 William H. Cameron Award; the Howard Pyle Safety Award; and, the Hal Geysler Award from the National Safety Council.

AGC believes that Mr. Murphy is willing and able to serve on the C-DAC free of apparent conflicts of interest that would preclude unbiased service on the advisory committee. Thank you for your consideration of Mr. Murphy's appointment. If you have any questions, please contact Mr. Justin Crandol, Director, Safety & Health Services at 703-837-5411 or e-mail at crandolj@agc.org.

Sincerely,

Stephen E. Sandherr
