Ex. 2-46

Re: Notice of intent to establish Negotiated Rulemaking Committee; request for nominees and comments, 67 Federal Register 46612-46616 (July 16, 2002)

Associated Builders and Contractors hereby nominates as its representative Mr. Stephen M. Wiltshire (resume attached). Mr. Wiltshire is Corporate Director of Safety for Shirley Contracting Corporation of Lorton, Virginia.

Mr. Wiltshire is fully capable of representing the association. He is a member of our national safety committee, and is a master trainer in our safety training program. He is currently teaching our Construction Site Safety Technician course, which is our equivalent of the OSHA 500 training. Mr. Wiltshire's company is a general contractor which owns its own cranes and leases cranes as well. Shirley Contracting also maintains and repairs its cranes.

Mr. Wiltshire has been participating in the working group of the Advisory Committee on Construction Safety and Health now revising a draft for possible use by the negotiated rulemaking committee. He is committed to doing his best to bring about an effective and reasonable revision of the rule, and he can count on ABC for staff support in this important endeavor.

If you have need of any further information, please do not hesitate to call me or Charley Maresca, our director of legal and regulatory affairs, at 703-812-2039. Thank you very much for your kind consideration.

Sincerely,

M. Kirk Pickrel, CAE
President and CEO
