Re: Cranes & Derricks Negotiated Rulemaking
Advisory Committee (C-DAC)

Gentlemen:

During my six-year tenure at Iron Workers Local 40, as both Recording Secretary and Business Manager/FST, I have come to know Robert Weiss as a very conscientious and trustworthy person. He is involved with every aspect of his company from the rigging to the safe working conditions of his cranes.

Mr. Weiss is on working committees of various organizations to help make changes in the safety of the industry.

I believe his experience & knowledge in the construction industry; along with his education of the construction industry would be a great asset to OSHA

Yours truly,

Robert W. Walsh
Business Manager/F.S.T.
