Docket No. S-030  
U.S. Department of Labor  
200 Constitution Avenue Room N-2625  
Washington, DC 20210

DOCKET NO. S-030

To whom it may concern:

I, Al Bove, wish to nominate William Smith for membership to the Cranes and Derricks Negotiated Rulemaking Advisory Committee as announced in the Federal Register Notice Vol. 67 No. 136 Tuesday July 16, 2002.

Mr. Smith is the Corporate Safety/Labor Relations manager for Maxim Crane Works, the largest crane rental company in North America; he is responsible for the implementation of safety, training, and the adherence of OSHA regulations to both management and craft personnel. We have 45 branch offices coast to coast and at times, employ as many as 2000 crane operators. A new rule may significantly affect the way we do business. Our company would welcome the opportunity to work with an advisory committee of interested industry professionals to revise a 31 year old regulation with out-dated referenced industry standards. We will commit the resources needed to actively participate in the activities of the rulemaking committee.

I understand Mr. Smith has included his qualifications in a letter to your office. I am confident that with his extensive experience and knowledge in many aspects of the Crane industry he would be an asset to the process.

If you have any questions or need further information I can be reached at 602-242-4681.

Respectfully submitted,

A handwritten signature in black ink that reads "Al Bove". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Al Bove  
Chief Executive Officer

**Whatever it takes.**
