The Honorable John Henshaw  
Assistant Secretary of Labor  
Occupational Safety and Health Administration  
U.S. Department of Labor  
200 Constitution Ave, NW  
Washington, DC 20210

**Docket S030  
Ex. 4-10**

Dear Assistant Secretary Henshaw:

The American Society of Safety Engineers (ASSE) would like to bring to your attention a member of the Society who has requested consideration for membership on the Cranes and Derricks Negotiated Rulemaking Advisory Committee (C-DAC). ASSE can attest that David Ritchie, CSP, CIIST, is a Professional Member of the Society in good standing since July 2000. Mr. Ritchie has taken it upon himself to share his knowledge and expertise in various forums, including ASSE educational opportunities, as his enclosed credentials indicate.

ASSE's commitment to the workplace protection of people, property and the environment includes helping ensure that decisions made by federal safety agencies like OSHA involve the wealth of expertise and experience readily available from ASSE's members. For that reason, we are happy to bring Mr. Ritchie's credentials to your attention.

Thank you for your time and assistance in this matter.

Sincerely,

Mark D. Hansen, PE, CSP  
President
