London W8 6AA

9<sup>th</sup> December 2003

Dear Angus,

**CDAC committee – Las Vegas 6th January 2004**

This is to let you know that this committee as mandated under the attached federal register is discussing powerlines in Las Vegas.

I will be making a presentation recommending the use of insulating links on cranes. You will be very welcome to join me.

Please could you fax back the attached?

Yours truly,

Hugh Pratt  
For Insulatus Inc.
